## TALK ON "STANDARDS"

**VISION**

IES College of Engineering strives to be an institution of repute to create competent engineering professionals endowed with innovation skills and entrepreneurial attitude for nation building.

**MISSION**

1. To achieve recognition from statutory bodies and become one of the top ranking institutions in the country.
2. To provide technological communication, aptitude and life skill training to enable the students to become successful professionals.
3. To promote innovation by encouraging students to initiate design and product development activities.
4. To inculcate entrepreneurial attitude by providing necessary mentoring, training and guidance for students to establish start ups.
